

SaraPath® is an independent, physician-owned group offering advanced diagnostic pathology and specialty laboratory services since 1975. Headquartered on Florida's West Coast in Sarasota, SaraPath provides a broad range of surgical pathology and cytopathology services to clinicians and patients, as well as medical director and comprehensive pathology and laboratory services to hospitals and surgery centers.

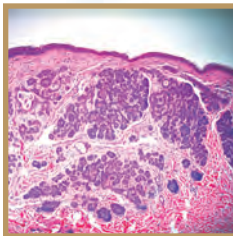

Mucosus Fungoides

SaraPath's **Dermatopathology Division** specializes in providing comprehensive evaluation of neoplastic and inflammatory diseases of the skin and nails. All cases are interpreted by our board certified, fellowship trained dermatopathologists, who are backed by more than 90 experienced technical and support staff. Pathology has entered a period of unprecedented innovation, and SaraPath is committed to being your partner in this evolution in medical care.

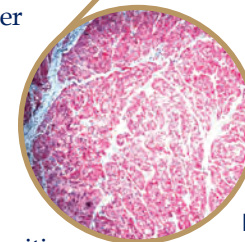

SaraPath Advantages:

- Easy access to our board certified dermatopathologists
- All excisions referred by plastic surgeons are evaluated by our dermatopathologists
- Evaluation of margins on request
- Frozen sections; Rapid, permanent sections on emergency cases
- Technical slide preparation
- CAP-accredited laboratories & comprehensive IHC menu, including mycology analysis by PAS stains

Basal Cell

- Results, generally within one business day
- Clear, concise reports using CAP & AJCC cancer staging guidelines
- Photomicrographs for enhanced reporting & biopsy site orientation
- Multiple ordering and report delivery options – EMR/PMS Interfaces, Web Portal, Remote Printing, Auto-Fax, & Courier
- In-house courier staff for timely & reliable pickup & delivery services
- Insurance contracts with all major providers, including BCBS, UnitedHealth, Aetna, Humana, Cigna
- Accommodation for uninsured patients
- On site pathology billing operation experienced in complexities of insurance billing
- More than 35 years continuous experience serving clinicians & hospitals

Melanoma
